

Babe

Welcome.

Thank you for coming to our home, we hope you like it as much as we do! If this is your first time dining with us, or even if you have experienced our brand of cuisine, let us please take a moment to guide you through the process as things have shifted a bit.

We love to eat and drink with friends, food is for sharing and strengthening relationships old and new. With you, we want to share our passion for creating new and original dishes that we call 'Japas', or Japanese inspired but well seasoned small plates, like Tapas.

Since variety is the, 'spice of life', feel free to spice things up here and create your own menu of small dishes.

After you've made your selections, please do tell us if you have any allergies or food restrictions so that we may accommodate your preferences.

Kanpai!

Chef Jeff Ramsey
